Complete end-to-end designing and customized production in compliance with the international standards in all aspects of our business. Our tubes and pipes are with all standard ASME / ASTM specifications.

### Customer Satisfaction

Maintain external and internal relationships. No inquiry is too large or too small we have no minimum order charges and can supply any length of tube range from one at a time to thousands at a time.

# Company Profile

## Our Values

- Innovation
- Teamwork
- Creativity
- Satisfaction
- Delivery

## Our Mission

To deliver quality & value through maintaining a quality management system that provides our clients with quality products.

## Our Vision

The vision of the company is "Leadership through Excellence" with adherence to industry standards & quality norms, modern manufacturing, and innovative techniques.

Akash Steel Crafts Pvt. Ltd. was established in the year 2005 to manufacture stainless-steel Tubes and Pipes. The company's 35000 sq. ft. of modern manufacturing facilities is located at Taloja.

The promoters of the company have ample experience and expertise in the business of stainless-steel for the last three decades as actual users' in manufacturing of Stainless-Steel Heat Exchangers, Stainless-Steel Condensers, Evaporators, Dust Catchers, etc., in addition to the trading of all kinds of Stainless-Steel materials.

# Our Focus

Our primary focus is to serve our clients with high Qualities

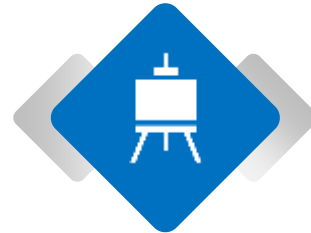

We assure you Success by placing safety as the highest priority.

01

Investing in the connections among team members is how we increase our productivity and reduce risk.

02

Our engineering team is ready to make millions of calculations just to design what you need.

03

Project Management is the base work for any organization to move forward, and we excel at it.

04

Quality in services is not what we put into it. It is that what exceeds the client's expectation.

05
