EXPLORE OUR SUSTAINABLE TRANSPORT SOLUTIONS

FREIGHT GOODS WITH A RELIABLE
PARTNER WITHIN EUROPE

ABOUT US

With operations since 2018, JUMAZTRANS strives to be a leading provider of comprehensive logistics and transport solutions. We specialize in land transportation and are working towards creating links for rail freight in the near future. We support clients with custom services, and warehousing needs, all executed with a commitment to excellence.

Our customer-oriented approach sets us apart, as we provide tailored solutions that protect our business partners' values. The added-value services we offer continue to enhance our reputation and solidify our position in the industry.

LOGISTICS SERVICES

CUSTOMS DECLARATION

We provide assistance with organizing all clearance for goods coming from the UK, China, Turkey, and other locations through our agents.

ONLINE SOLUTION

GPS is embedded in all trucks to provide the exact geographical location in real-time and their current location is tracked through <https://www.web-car.com/>.

Additionally, the personnel provide feedback to clients at every stage of the transport process.

WAREHOUSE

We facilitate the finding of strategic warehouses that are conveniently located for your clients or for long-term storage of goods.
